COIL SPRING

GSP coil springs are designed to support the vehicle's weight, absorb vibrations and bumps, and enhance driving stability and ride comfort. They contribute to extending the service life of shock absorbers.

WHY CHOOSE GSP?

We manufacture coil springs with diameters ranging from 8mm and 25mm. Using both hot and cold forming technologies, our manufacturing processes are tailored to meet specific design stress levels and weight optimization requirements.

GSP brings the full solution for suspension parts : Shocks / Coils / Mounting Kits and Protection Kits.

Developed to meet OE standards

Manufactured in compliance with IATF 16949

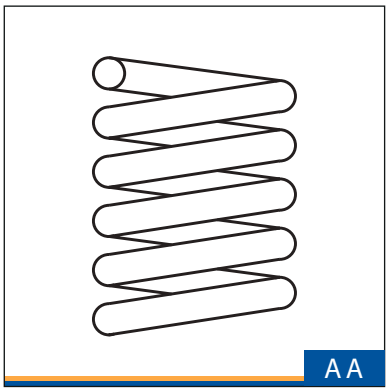

Superior Surface Protection

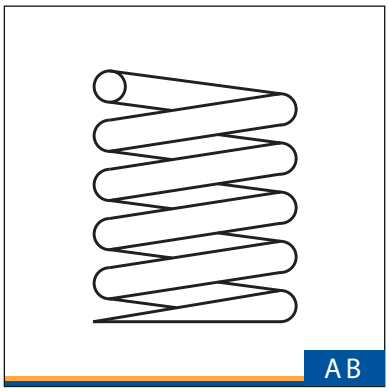

Products are powder coated to ensure superior corrosion resistance and lasting durability.

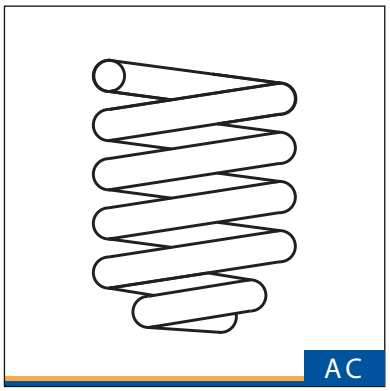

High quality steel

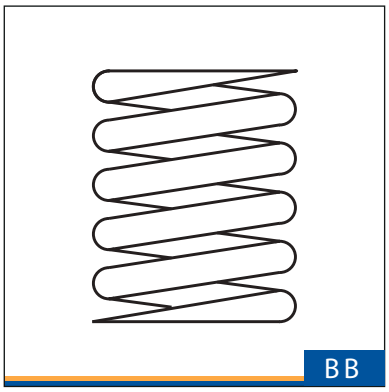

GSP uses high-quality chrome-silicon steel with exceptional fracture resistance and longer service life.
